

3d Printing TPU 3D Printer Flexible TPU Filament With High Rebound

Our Product Introduction

Basic Information

- Place of Origin: Qingyuan,china
- Brand Name: iBOSS
- Certification: ROHS
- Model Number: TPU Filament
- Minimum Order Quantity: 48kg/rolls
- Price: \$9-\$7
- Packaging Details: 1KG/PCS, packed into a 30*35CM PU vacuum shrink bag, 12 corrugated aircraft CTNs(21.5*20.5*6.9CM) in a 43.1*23.2*43CM box,
- Delivery Time: 5-7days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: 10000kg

Product Specification

- Highlight: Flexible TPU Filament, 3D Printer TPU Filament, High Rebound tpu 3d printer filament

Product Description

3D Printing TPU 3D Printer Flexible TPU Filament With High Rebound

Key Features:

- Environmentally friendly and non-toxic material
- Bright, vibrant colors for high-visibility prints
- Exceptional resilience and elasticity
- Soft texture with excellent extensibility
- Superior aging resistance for long-lasting prints

Our TPU filament offers a soft, elastic texture with high rebound characteristics, producing flexible 3D printed objects with excellent elasticity. Ideal for creating soft models including insoles, phone cases, and other applications requiring flexible performance. The material demonstrates outstanding resistance to bending while maintaining superior tensile strength, ductility, and flowability. With minimal shrinkage during printing, TPU products maintain their flexibility and durability across various environmental conditions.

Material Advantages:

- High resilience for repeated flexing without deformation
- Excellent flow characteristics for consistent printing
- Low shrinkage rate ensures dimensional accuracy
- Maintains flexibility in various temperature conditions
