Accurate 3D Printer Filament Diameter

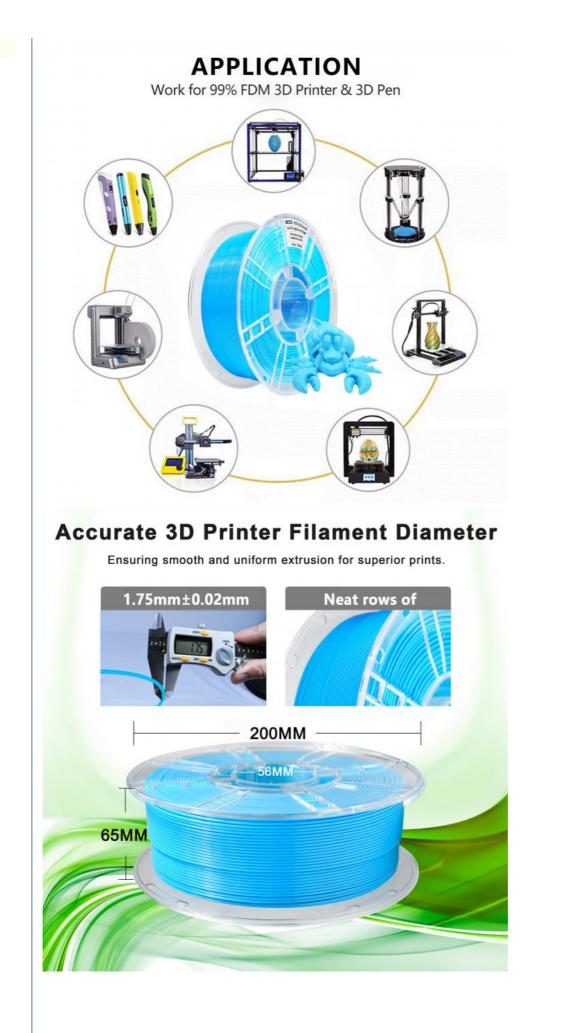

Ensuring smooth and uniform extrusion for superior prints.

Product Description

3D Printing Filament Light Blue PETG Filament 1.75mm FDM Forming Technology 3d Printed Introducing our 3D Printing Filament in Light Blue PETG! With a diameter of 1.75mm, it is perfect for FDM forming technology. This PETG filament offers excellent strength, high heat resistance, and great dimensional stability. It prints smoothly, producing detailed and durable 3D models. Ideal for both beginners and professionals, bring your creative ideas to life with this top - quality filament.

Our Product Introduction

PODUCT FEATURES

IMPORTED RAW MATERIALS

Use imported superior raw materials Standardized manufacturing process The production quality is guaranteed

HIGH QUALITY

High quality ensures the efficiency of operation,PLA: No Bubble,No Clogging

HIGH TOUGHNESS

Compared with pla,the toughness is greafly improved: No Cracking,Minimal Warping

Eco-friendly Non-toxic

Using natural degradable raw materials,Environmental protection, non-toxic and harmless

Can be printed directly without heated build platfom

Low warping

Low warping, stable and efficient suitble for printinglarge models

About us

Qingyuan iBOSS Intelligent Technology Co., Ltd. is a high-tech enterprise specializing in the R & D, production and sales of 3D printing consumables and 3D printers. The company is committed to the development and application of 3D printing materials.

With the mission of "developing green and environment-friendly 3D printing materials and promoting human sustainable development", the company is committed to enabling intelligent manufacturing with material technology and providing better product and service experience for users in the global 3D printing industry

CHARVUAN IROSS INTELLIGENT TECHNOLOGY CO., LTD. It is an international team full of enthusiasm for 3D printing. We produce the best 3D printing materials by controlling each stage of production. With a diverse portfolio of materials from high-performance plastics to unique aesthetic solutions, polymaker will continue to add cutting-edge materials to its growing portfolio. Adhering to the corporate philosophy of "integrity, focus, innovation and pragmatism", while striving for the company, the company continues to forge ahead and strive to promote the innovative development of the world's 3D printing industry.

WHY CHOOSE US ?

Qingyuan iBOSS Intelligent Technology Co., Ltd.
