

iBOSS PLA+Change Filament Galaxy Titanium Alloy 1000g 3D Printer Filament Smooth Printing Surface

Our Product Introduction

for more products please visit us on iboss3d-export.com

Basic Information

- Place of Origin: Qingyuan, china
- Brand Name: iBOSS
- Certification: ROHS
- Model Number: PLA+Filament
- Minimum Order Quantity: 48kg/rolls
- Price: us\$12/roll
- Packaging Details: 1KG/PCS, packed into a 30*35CM PU vacuum shrink bag, 12 corrugated aircraft CTNs(21.5*20.5*6.9CM) in a 43.1*23.2*43CM box,
- Delivery Time: 5-7days
- Payment Terms: L/C,D/A,D/P,T/T,
- Supply Ability: 10000kg

Product Specification

- Hs Code: 3916909000
- Specification: PLA+
- State: Coiled
- Tensile Strength: 60MPa
- Trademark: iBoss
- Packing Box Size: 200*200*64mm
- Bed Temperature: 50-60°C
- Color: Color Changing

Product Description

iBOSS PLA+Change Filament Galaxy Titanium Alloy 1000g 3D Printer Filament Smooth Printing Surface

Unleash your creativity with the iBOSS PLA+ Change Filament in Galaxy Titanium Alloy, a 1000g spool designed to revolutionize your 3D printing experience.

This filament is a cut above the rest, offering a smooth printing surface that results in professional - grade 3D models. With a diameter of 1.75mm and a dimensional accuracy of $\pm 0.02\text{mm}$, it ensures consistent feeding, minimizing the risk of jams and producing stable, high - quality prints.

Derived from high - quality, eco - friendly materials, our PLA+ filament is not only non - toxic and odorless during printing but also provides enhanced adhesion, strength, and toughness compared to standard PLA. The 1000g spool contains approximately 340 - 350m of filament, offering you plenty of material for your projects.

Compatible with most FDM 3D printers, it comes vacuum - sealed with a desiccant bag to keep it dry and free from dust, ensuring reliable performance every time. Whether you're a hobbyist or a professional, this filament is perfect for creating detailed, durable, and visually stunning 3D prints.

Our Product Introduction

Accurate 3D Printer Filament Diameter

Ensuring smooth and uniform extrusion for superior prints.

APPLICATION

Work for 99% FDM 3D Printer & 3D Pen

**SUITABLE FOR ALL
3D PRINTERS ON THE MARKET**

THE CHOICE OF "STRONG AND TOUGH"

● Slightly bent: consumables constantly

● Bend half: consumables constantly

● On bending: consumables constantly
