

iBOSS 1KG Light Gray PETG Filament 1.75mm 3D Printing Filament

Our Product Introduction

Basic Information

- Place of Origin: Qingyuan, china
- Brand Name: iBOSS
- Certification: ROHS
- Model Number: PETG
- Minimum Order Quantity: 48kg/rolls
- Price: US\$4.5/ROLL
- Packaging Details: 1KG/PCS, packed into a 30*35CM PU vacuum shrink bag, 12 corrugated aircraft CTNs(21.5*20.5*6.9CM) in a 43.1*23.2*43CM box,
- Delivery Time: 5-7days
- Payment Terms: L/C,D/A,D/P,T/T,
- Supply Ability: 10000000kg

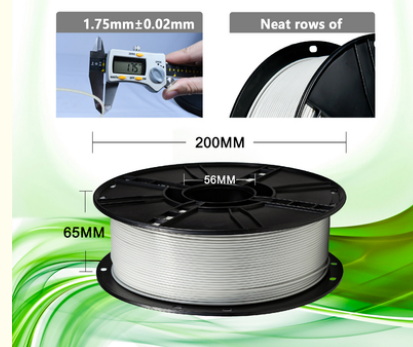

Product Specification

- Application: PETG Filament
- Grossweight: 1.4kg
- Print Bed Temperature: 80-100 Degrees
- Spool Size: 1kg
- Print Speed: 50-100mm/s
- Currency: US\$

Accurate 3D Printer Filament Diameter

Ensuring smooth and uniform extrusion for superior prints.

Product Description

iBOSS 1KG Light Gray PETG Filament 1.75mm 3D Printing Filament

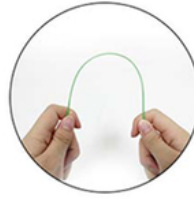

Introducing the iBOSS 1KG Light Gray PETG Filament, a top - notch choice for 3D printing. This 1.75mm filament is made from high - quality PETG material, known for its outstanding toughness and high impact strength. When printed, it's virtually odorless, providing a more pleasant working environment.

With a dimensional accuracy of ± 0.02 mm, it ensures smooth extrusion and consistent prints. Its melting point is stable, allowing for a printing temperature range of 210 - 240 °C, and a bed temperature of 50 - 75 °C. The filament is carefully wound on a spool for easy feeding and is compatible with most FDM 3D printers.

PETG's properties like chemical resistance, low shrinkage, and high layer adhesion make this filament perfect for creating durable, high - quality prints. Whether you're printing functional parts, prototypes, or decorative items, the iBOSS PETG Filament delivers excellent results every time.

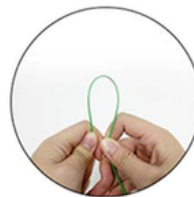

THE CHOICE OF "STRONG AND TOUGH"

● Slightly bent: consumables constantly

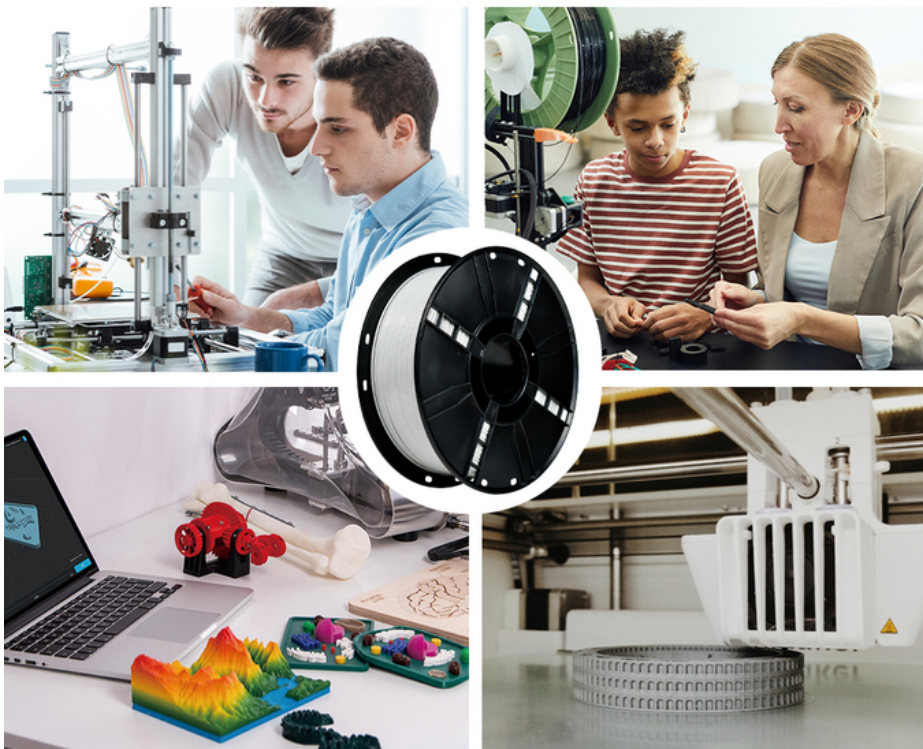

● Bend half: consumables constantly

● On bending: consumables constantly

SUITABLE FOR ALL 3D PRINTERS ON THE MARKET

PRODUCT FEATURES

IMPORTED RAW MATERIALS

Use imported superior raw materials
Standardized manufacturing process
The production quality is guaranteed

HIGH QUALITY

High quality ensures the efficiency
of operation, PLA: No Bubble, No
Clogging

HIGH TOUGHNESS

Compared with PLA, the
toughness is greatly improved:
No Cracking, Minimal Warping

Eco-friendly Non-toxic

Using natural degradable raw
materials, Environmental protection,
non-toxic and harmless

SIMPLE OPERATION

Can be printed directly without heated build platform

Low warping

Low warping, stable and efficient suitable for printing large models

Model	PETG
Net Weight (KG)	1KG
Gross weight	1.3KG
Packing box size	200×200×64mm
Color	Light Gray
Diameter(mm)	1.75mm
Tolerance(mm)	±0.02mm
Print Temperature (°C)	200-230°C
Base plat Temperature (°C)	60°C
Density	1.23±0.05g/cm3
Printing Speed	40-100m
Melt Index	14-18g/10min (190°C, 2.16kg)
Bubble	100% without bubble
Length of Line (Ø 1.75±0.2mm)	1.75mm=330m
Tensile strength	≥62Mpa
Flexural modulus	1970 Mpa
Izod Notch Impact Strength	7KJ/m2
Elongation at Break	52 or 53 (°C, 0.45Mpa)
Hydroscopicity	0.005
Reel Size	Ø20.0cm * 6.4cm H

About us

Qingyuan iBOSS Intelligent Technology Co., Ltd. is a high-tech enterprise specializing in the R & D, production and sales of 3D printing consumables and 3D printers. The company is committed to the development and application of 3D printing materials.

With the mission of "developing green and environment-friendly 3D printing materials and promoting human sustainable development", the company is committed to enabling intelligent manufacturing with material technology and providing better product and service experience for users in the global 3D printing industry

QINGYUAN iBOSS INTELLIGENT TECHNOLOGY CO., LTD.

It is an international team full of enthusiasm for 3D printing. We produce the best 3D printing materials by controlling each stage of production. With a diverse portfolio of materials from high-performance plastics to unique aesthetic solutions, polymaker will continue to add cutting-edge materials to its growing portfolio. Adhering to the corporate philosophy of "integrity, focus, innovation and pragmatism", while striving for the company, the company continues to forge ahead and strive to promote the innovative development of the world's 3D printing industry.

PRODUCTION ABILITY

We have the most advanced equipment and the most professional technicians to produce the best products.

Factory scale
2400m²

Experience
30+ YEARS

Our team
55+

WHY CHOOSE US ?

Qingyuan iBOSS Intelligent Technology Co., Ltd.

SERVICE

Professional team to provide you with efficient service.

QUALITY

With strict quality control system, quality first

ODM&OEM

We have more than 30 years of OEM and ODM experience

FACTORY SCALE

We have 400 square meters for this office and 2,000 square meters for the factory

Certifications
