

IBOSS Strong Durable PLA+ Carbon Fiber 3d Printer Filament 1.75mm Black Filament

Our Product Introduction

Basic Information

- Place of Origin: Qingyuan, china
- Brand Name: iBOSS
- Certification: ROHS
- Model Number: PLA+
- Minimum Order Quantity: 48kg/rolls
- Price: US\$12
- Packaging Details: 1KG/PCS, packed into a 30*35CM PU vacuum shrink bag, 12 corrugated aircraft CTNs(21.5*20.5*6.9CM) in a 43.1*23.2*43CM box,
- Delivery Time: 5-7days
- Payment Terms: L/C,D/A,D/P,T/T
- Supply Ability: 100000kg

Product Specification

- Color: Black
- Filament Specifications: 1.75mm
- Net Weight: 1KGS
- Flame Retardant: Yes
- Diameter: 1.75mm
- Bed Temperature: 110°C

Product Description

IBOSS Strong Durable PLA+ Carbon Fiber 3d Printer Filament 1.75mm Black Filament

Introducing the iBOSS Strong Durable PLA+ Carbon Fiber 3D Printer Filament, a top - tier option for 3D printing enthusiasts. This 1.75mm black filament combines the best of PLA+ and carbon fiber.

The PLA+ base, an upgrade from regular PLA, offers enhanced strength and toughness. The added carbon fiber further bolsters its durability, making it ideal for creating sturdy, long - lasting prints. With a dimensional accuracy of ± 0.02 mm, it ensures smooth and consistent extrusion, resulting in high - precision prints.

The 1 - kg spool contains approximately 340 - 350 m of filament. It is recommended to print at a temperature range of 210 - 230 °C for optimal melting and smooth feeding, without clogging the nozzle or extruder. The filament is vacuum - sealed with a desiccant bag to keep it dry and free from dust, ensuring reliable performance.

Compatible with most FDM 3D printers, this iBOSS filament is perfect whether you're printing functional parts, prototypes, or robust models. Its black color gives prints a sleek, professional look.

Accurate 3D Printer Filament Diameter

Ensuring smooth and uniform extrusion for superior prints.

THE CHOICE OF "STRONG AND TOUGH"

● Slightly bent: consumables constantly

● Bend half: consumables constantly

● On bending: consumables constantly
